## Hunter Drive Reconstruction Project

### *Sanitary Sewer Main Complete*

The Contractor has completed both sanitary sewer mains along Hunter Dr. They will continue with water main, sewer and water services, and street work next week. Homes on Hunter Dr. north of Comanche Tr., and homes on Comanche Tr. will be transitioned off temporary water Friday, August 26th. See below for more information. The Contractor is planning to work on Saturday, August 27<sup>th</sup>, in order to complete street work on Hunter Drive north of Comanche Tr. as soon as possible. Phase 2 may begin in two to three weeks. Geislinger & Sons will be completing the work.

### *Water Service Transition Friday, August 26<sup>th</sup>.*

Friday the Contractor will transition homes on Comanche Tr., and those on Hunter Dr. north of Comanche back onto the new water main. **A shut down, affecting all homes along Hunter and Comanche who are on temporary water, will be required between 8:30 AM and 1:00 PM** to reconnect the new main to the existing main on Comanche Trail. The homes along Hunter Dr, north of Comanche will be transitioned individually, and will require the Contractor to open the valve in the basement, then **flush the new service through an outside faucet**. This is very important to keep water softeners and water heaters from plugging up. All other homes along Hunter will remain on temporary water for at least another week and a half.

### *Mailboxes*

During construction, mailboxes will be relocated. For Phase I, all mailboxes for properties between Hamel Rd and Elm Creek Dr will be temporarily relocated at the Hunter/Hamel intersection. **These mailboxes will take effect Wednesday July 13th.**

### *Traffic Control*

Hunter Drive will continue to be closed between Hamel Road and Elm Creek Dr., except for local traffic. Access will be maintained to homes each night with the exception of a few nights where access to homes by vehicle is not feasible due to very deep utility installations.

For the Week of August 28th, access to Comanche Trail and all homes north of Elm Creek Dr. will be from Hamel Road. Access will vary on a daily basis, so please check the information line each day for the best route.

A priority will be taken to make people aware of the traffic control and the construction status via the updates to the website and information phone line. We want to work with you keep you informed and make this project a success.

### *Website*

More information, including road closures and detour maps, can be found on the City of Medina website ([www.ci.medina.mn.us](http://www.ci.medina.mn.us)) under the Hunter Drive Reconstruction link on the left side of the page. This will be updated weekly or more often as necessary.

### *Information Line: 651-967-4512*

Call this number to receive daily updates, including location and type of work scheduled, road closures and potential utility service interruptions. **If you are interested in receiving future Medina Minutes by email, instead of flyers, please email the contact listed below.**

### *Contacts*

Please contact the project representatives below with any additional questions or concerns.
